

Literature list

GE7088 Applied Remote Sensing and GIS for Landscape Analysis, 15 credits

Decided by the Director of Studies 2026-05-20, after consultance with the department's educational advisory group.

Valid from Autumn Term 2026.

The literature consists of scientific publications and reports within the relevant field, in a selection prepared by the course coordinator and lecturers. The course literature is made available via the course's learning platform at the start of the course.

Articles and other materials made available in connection with teaching are also included as course literature.
