Master thesis. Dates and times, spring 2025.

Introduction lecture/seminar: January 21 between 1.00 and 3:00. In B800.

Confirmation of participation with topic, type of data, method, supervisor and planned completion date. Submission deadline: Friday January 24 at 16:00.

If you plan to complete your thesis during the spring term, but are unable to submit before this deadline, please contact the course leader.

Thesis submission and examination. Master and magister theses must be submitted well in advance of the examination seminars. Please observe that the thesis submission deadlines are strict and late submissions will be examined during a later period. Below, an approximate interval is given for the examinations. The exact time and date are determined by the availability of examiners within these intervals. Thus, authors must be available during the relevant interval given below. When your supervisor has approved the thesis, submit in pdf-format on the teaching platform Athena before the posted deadline. Examination deadlines, spring term of 2025

Examination seminars

Submission deadline Week 12 (March 17-21) **March 3 at 16:00**

Week 23 (June 2–5) **May 16 at 16:00**
