. What was positive about the course?

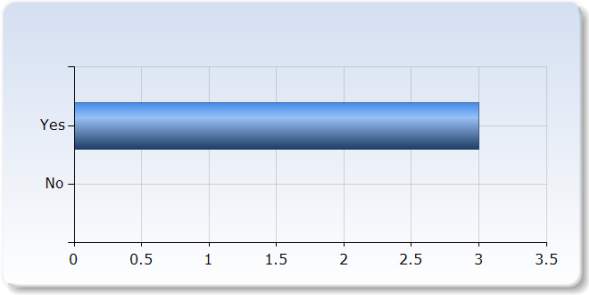

What was positive about the course?
This course gave a comprehensive view of the EU law and I'm so appreciated that all teachers were so patient and encourage us to ask questions.
Kind and helpfull team of university and very nice teachers.
This course has given me a basic understanding of EU law, advanced my knowledge of international law and brought me closer to the world

. What could be improved?

What could be improved?
I think there is too much discussion time and it is not suitable for online studying.
Everything is perfect.
Personally, I feel that group discussions are sometimes awkward, because students are not familiar with each other, so we sometimes keep silence. Besides, I suggest that the entrance time of the exams can last a little bit longer, like last an hour or an hour and a half, in order to facilitate time coordination for some students due to individual urgency.

Comment
I like the material teachers offered for advanced studying.
Meaningful, simple to understand and the best teaching techniques

May have more a Guidbook about the educational system of Stockholm university (which we face on summer course), because as students who are not studying there, and have a different background of own country's university system, may confuse about it.
