Definitely! Both so much fun to try it out and also a great way to really repeat what you learn about the subject but in a more practical way.

Good lectures.

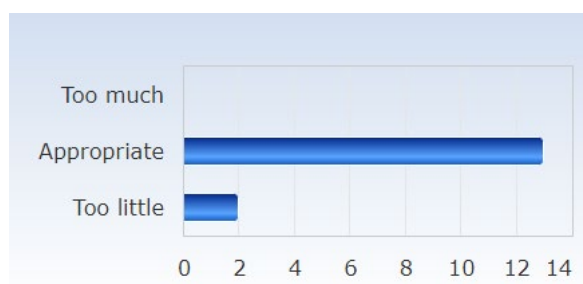

Interesting and held by great teachers

Most of the lectures were very clear. I would have preferred to be able to consult the slides before the class

I learnt a lot during the course and it was one of the most interesting i had during my studies.

Hard to tell, during exam week much more, same goes for the mock mediation and arbitration, and sometimes less.

Yes! This was one of my favourites courses throughout the law programme here in Sweden - both interesting and fun. It was also so fun to work on the group tasks in relation to the mock mediation and arbitration.

Amazing course, great lecturers, brilliant practical elements, well organised Thank you

It was an amazing course with a lot of diversity. Crina, Patricia and Daria are very kind professors who are involved to let us appreciate the course. Everything was very interesting and I can recommend this course without hesitation !

Nice with the hands on perspective that the course provides and that there are no presentations in front of the class, but mock Med and Arb instead. Refreshing change from the rest of law school.

Thank you very much for these interesting lessons! I gained a lot of interest in the arbitration field!
