

Literature list

GE7094 Water resources sustainability, 15 credits

Decided by the Director of Studies 2024-06-25, after consulting the department's educational advisory group.

Valid from Autumn Term 2024.

The literature consists of scientific publications and reports in the relevant subject area, selected by the course coordinator/responsible and tutors. The course literature is made available via the course's learning platform.

Articles and other materials made available in connection with teaching are also included as course literature.
