Department of Psychology

Syllabus

ReproducibiliTea Journal Club

4.0 Credits

Code: PSFOJC1

Finalized by: Prefekt vid Psykologiska institutionen, 2024-12-13

Valid from: Autumn semester 2024 (2024-09-02)

Level within study regulation: Third cycle

Course modules ReproducibiliTea Journal Club, 4.0 Credits

1. Entry requirements

Admitted to doctoral studies.

2. Learning outcomes

To pass the course, the student should be able to:

- Describe key issues and debates regarding reproducibility in science.
- Present and discuss scientific articles on reproducibility in science.

3. Content

The goal of the course is to discuss research transparency, reproducibility, and replicability in science. Each session involves discussing a preselected, relevant article or a topic.

4. Forms of examination

The course is examined in the following way:

1. The student must attend at least 10 journal club seminars. Each seminar will deal with one article or topic followed by discussions.
2. At two of these seminars, the student must present a selected article and lead the discussion
3. In three of these seminars, the student must submit discussion questions on the article in a course forum before the meeting.

5. Form of instruction

The teaching consists of discussion seminars. Students are expected to read articles before the seminars. Active engagement during seminars is required.
