## General information

Grant application are ranked by the prefekt of the department and assessed by the stipend committee. There is usually no need for long essays or multi-page CVs but make sure to include all the most important information, also about the course or meeting you want to attend. The final results are usually announced a few month after the respective deadline.

Even if you don't need or want a travel grant you should still apply! Why? If more people from MBW apply, MBW will get more travel grants. If you want to support your fellow PhD students, simply write an application for a relevant course or conference and send an email to the prefekt of MBW (prefekt.mbw@su.se)

## MBW travel grant

In addition every PhD student is guaranteed a one time travel grant of up to 20.000 SEK by the department. More information can be found under this link: https://www.su.se/mbw/mbw-internal/phd-studies/application-travel-grants
