

Environmental Action Plan for the Institute for International Economic Studies (IIES) 2026

Adopted by: Tobias Kjellberg / Hanna Weitz, 21 January 2026

Approved / revised by: Director, Per Krusell

Environmental Objective	Activities	Responsible	Resources	Deadline	Follow-up	Environmental Indicator	Completed
Paper consumption must not exceed the previous year's consumption.	Inform staff about paper consumption in 2025 as well as previous years, to make trends visible.	Environmental representative	3–4 hours/year	31 December 2026	Obtain consumption data from Printomat.	Total number of printed pages decreases compared with the previous year.	
The number of air travel kilometres should not exceed the previous year's total.	Inform staff about the goal and about the possibility of choosing more environmentally friendly modes of transport or travel-free meetings.	Environmental representative	4–5 hours/year	31 December 2026	Obtain information on previous year's air travel – CO ₂ emissions per full-time equivalent.	Reduced CO ₂ emissions per person and year.	
Involve employees in environmental work.	Encourage employees to propose ideas for environmental improvements in the workplace.	Environmental representative	10–12 hours/year	No end date.	Compile suggestions and present them at the management review.	–	
Plan an environmental page on the new intranet.	Discuss at the next management review and implement.	Web editor	10–20 hours	31 December 2026	Completed page on the new intranet.	Increased knowledge.
