

Welcome to the Bolin Days

The Bolin Centre for Climate Research warmly invites you to the annual Bolin Days with interesting scientific discussions and a friendly get together.

- The Bolin Centre external science advisory group (ESAG) will present themselves and their science at a Science forum 18 November, 13–16 in the De Geer room.
- The Bolin Centre Database team will demonstrate the newly improved database and provide hands-on support in room Y20 during the Bolin Days.

November 19

De Geer room, De Geer foyer, Y20 and Y22, Geoscience building, Stockholm University

09.00–09.15	Welcome to the Bolin Days
09.15–10.45	Hydrosphere, Cryosphere and Climate
10.45–11.30	Fika & poster preview
11.30–13.00	Oceans-atmosphere dynamics and climate
13.00–14.00	Lunch with sandwiches
14.00–15.30	Clouds, aerosols, turbulence and climate
15.30 onwards	Poster competition, refreshments & Bolin Centre give-aways

November 20

De Geer room, De Geer foyer, Y20, Y22 and the Geopub at U1, Geoscience building, Stockholm University

09.00–10.30	Orbital to tectonic climate variability
10.30–11.00	Fika
11.00–12.30	Biogeochemical cycles and climate
12.30–13.30	Lunch with sandwiches
13.30–15.00	Historical to millennial climate variability
15.00–15.30	Fika
15.30–16.00	Navarino Environmental Observatory, NEO
16.00–17.00	Swedish-Russian-US Arctic Ocean Investigation of Climate Cryosphere Carbon Interactions, SWERUS-C3
17.00	Closing remarks
17.30	Refreshments & final poster viewing
18.30	Dinner, presentation of poster competition winner and Geopub with live music At U1 in the Geoscience building, Stockholm University
