. What was positive about the course?

What was positive about the course?
I learned things I didn't had the opportunity to learn in my university
the discussions in class were really nice especially on the aspect of the COPs (Confrence of parties)
Content was useful and entertaining, but basic enough to be understood
the activities arranged during the two werks
A very interesting course. I like the group discussions.
the lecturers were engaging, and with lots of interaction between the students and teachers

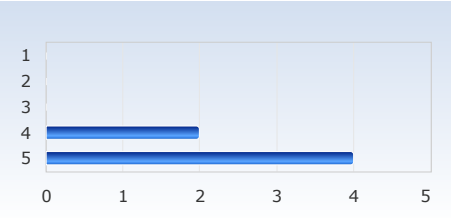

. What could be improved?

What could be improved?
Maybe send us a code for the doors
perhaps a transition between the two lecturers and their respective topics
Lecturers should aim to read less when lecturing and discuss/speak more, but will likely come with practice.
Literature was very hard to find. It would've been nice to be able to find the presentations before the lecture and not them being posted after.
